

# MOW DOWN AIR POLLUTION

Trade-in a gas-powered lawn mower  
for a savings of \$200 on a  
rechargeable, cordless electric mower.

Neuton Model CE 5 - 14" **\$189\***

Neuton Model CE 6 - 19" **\$289\***

\*These prices reflect *a savings of more than \$200 off* the regular retail price and are only available with the trade-in of a gas-powered mower.

**Register:** April 7 & 8 beginning at 8:30 AM

**Call:** 1-800-465-7894

Limited quantities; First-call, first-served basis.

Only residents of Yolo and Solano counties are eligible to participate.

First-come, first served registration for a limited quantity of Neuton cordless mowers takes place on April 7 & 8, beginning at 8:30 a.m until 5 pm or until all available mowers are assigned. Register to reserve a mower by calling 1-800-465-7894. (Registrations *only* take place on these dates and times until all mowers are accounted for - do not call to register before April 7.)

Qualified residents who successfully register will be given a voucher number and then instructed to bring in their gas-powered mower to a participating recycler. (Gas mower must be drained of fluids prior to being accepted) The recycler will provide participants with a code and then each participant arranges payment and delivery of their new mower with one phone call.

**Sponsored by the Yolo-Solano Air Quality Management District, the Bay Area Air Quality Management District, Pacific Gas and Electric, Solano County, Yolo County and participating recyclers: Hay Road Landfill, Solano Garbage Co., Vallejo Garbage Service, Vacaville & Dixon Sanitary Service, Yolo County Landfill and Davis Waste Removal.**

For more information on the mower exchange program, contact the Yolo-Solano AQMD (800) 287-3650 or (530) 757-3650 or visit [www.neutonpower.com/YS](http://www.neutonpower.com/YS)
