

# Your local air quality district

## About Us

The Yolo-Solano Air Quality Management District (AQMD) is a special district whose mission is to protect human health and property from the harmful effects of air pollution.

We believe that every person has the right to clean air every day. We seek to achieve that goal in all of our work, from rulemaking to permitting, from enforcement to public education, from planning to monitoring. All of our programs are designed to best achieve our mission.

The Yolo-Solano AQMD includes all of Yolo County and the northeast portion of Solano County including the cities of Vacaville, Dixon and Rio Vista.

## Get In Touch

We are dedicated to working with local businesses, farmers and the public to meet our collective air quality goals. Please reach out to us with any questions or concerns about local air quality.

Yolo-Solano Air Quality Management District  
1947 Galileo Court, Suite 103, Davis, CA 95618

## Our Work

### Rules and Compliance

Our Board of Directors adopts rules intended to protect our clean air without imposing unnecessary burdens on industry. The rules are enforced through the District's permitting process and compliance programs.

### Permits

The District issues permits for industrial and commercial projects in its jurisdiction that have the potential to emit air pollution.

### Incentives

The District seeks opportunities to leverage funding to reduce air pollution and make adoption of cleaner equipment cost-effective for member of the community.

### Land Use

The District's planning staff contributes to environmental review for local projects that could impact air quality and assists with initiatives intended to improve clean transportation mode share.

### Public Awareness

The District works to affect behavior change by educating the public on the primary consumer-level sources of air pollution such as personal transportation and wood burning.

Looking for a job?

# PAID INTERNSHIP

## Opportunities for Engineering Majors

*Civil, Chemical, Environmental, Electrical, or Mechanical*

**Eligibility:** Must be a current UC Davis student with a graduation date of June 2022 or later

**Location:** South Davis (near Drew and Cowell)
