

To: Members of the YSAQMD Board of Directors  
From: Ben Beattie, Engineering Manager  
Date: August 10, 2022  
**Subject: Receive and Accept Report on Indemnification Required in the Past Month**

Recommended Action

This is an informational report only.

Summary

At the August 11, 2010 meeting, the Board directed staff to require permit applicants to indemnify the District on a case-by-case basis when the APCO determined it would be appropriate and to report to the Board on each specific case. This report is to notify the Board that the District is processing the following application(s), for which the APCO has determined it is appropriate to require indemnification. The sources have been notified of this requirement:

- Yocha Dehe Wintun Nation. ATC C-22-69 for installation of an emergency engine to operate within 1,000 feet of a school. Indemnification is required due to the application triggering a school notice.
- Pacific Coast Botanicals, LLC ATC C-22-70 for permitting of a cannabis extraction process. Indemnification is required due to the proposed project being of significant public interest.
