PRESS RELEASE

POSITION OPEN FOR AIR DISTRICT HEARING BOARD'S MEDICAL MEMBER

January 2019 – The Yolo-Solano Air Quality Management District (District) Board of Directors has announced a vacancy on the District's Hearing Board for the position of medical member. A medical member can be a medical professional, retired or working, whose specialized skills, training or interests are in the fields of environmental medicine, community medicine or occupational/toxicological medicine, and is not limited to a physician.

The Hearing Board meets when needed to hear and decide upon petitions for variances from District rules, regulations, or orders of the District, and hears appeals from permit and emission reduction credit decisions by the District. The Hearing Board consists of five members: one attorney, one professional engineer, one medical professional and two members of the general public. Applicants must reside within the District boundaries.

Applications for the three-year position are available by contacting the District at (530) 757-3650 or emailing the Clerk of the Board at dalmaguer@ysaqmd.org. Applications will be accepted through February 15, 2019. If qualified applications are not received, the District will enact Section 40802 of the California Health and Safety Code to replace the medical member with a public member.
