

January 10, 2019

The Yolo-Solano Air Quality Management District (District) staff will hold a public workshop to discuss the proposed the amendments to **District Rule 2.27, Industrial, Institutional, and Commercial Boilers, Steam Generators, and Process Heaters**. The rule is being amended to reduce the emission limits for oxides of nitrogen (NOx) and extend the applicability of the rule to units with a rated heat input equal to or greater than one million BTUs per hour. The draft rule and draft staff report are available on the District's website ([www.ysaqmd.org](http://www.ysaqmd.org)) or may be obtained by contacting Staff Engineer Kyle Rohlfing at (530) 757-3672.

The public workshop will be held at the following time and location:

**Thursday, January 31, 2019, 1:00 PM**  
Yolo-Solano Air Quality Management District  
1947 Galileo Court, Suite 103  
Davis, California 95618  
(530) 757-3650

The District invites written public comments to be submitted to Engineer Manager Benjamin Beattie at the above address. Comments are to be received by the District by January 24, 2019.
